## COUNCIL TONIGHT

Some of the Matters That  
Will Come Before the  
Last Meeting.

## THAT QUESTION OF SALARIES

Councilman Hamer Says He Knows  
Nothing About It. The Report of  
the Beaver Investigation Comes  
Tonight. Mr. Hamer's  
Minority Report.

A regular meeting of the city council  
will be held this evening, and as it is the  
last regular meeting of the year, it will be  
of considerable interest. It is not pos-  
sibly known what new business will  
come up.

It is said that an order will be intro-  
duced instructing the mayor to petition  
the legislature to amend the charter so  
that the mayor's salary will be increased  
to \$3,000 instead of \$1,000, which it now is.  
The amendments proposed will contain  
an increase of the salaries of the assessors  
and they will contain a decrease of the  
salaries of the commissioners of public  
works and city almoner. The decreasing  
of these salaries is for the purpose of  
keeping the salary list down to about  
its present size and allowing the  
proposed increase. The adminis-  
tration members of the council know  
nothing of the proposed amendments.  
They are not planned by them. H. R.  
Hamer was seen today by a TRANSCRIPT  
representative and was asked about the  
proposed order. He says that he does not  
know anything about it, and all he knows  
was gathered from newspaper reports.  
This seems to leave the proposition with-  
out a father. The news of it appeared in  
an opposition paper and the thing was  
born in the opposition fold, whether it  
will be reared there or not.

The report of the committee appointed  
to investigate the Beaver work will be  
submitted tonight. The committee  
chosen to make the investigation is com-  
posed of Colchrimine Tilton, Hamer and  
Rice. It is understood that there will be  
a majority and a minority report, that  
Mr. Hamer will make a special report not  
concurring with the other members of  
the committee. Besides these items of  
business the matter of the new state road  
to the Adams line will come up again. It  
will be reported from the committee on  
streets, which was to look into the matter  
and see what expense the road would be  
to the city if any, and to get an under-  
standing of the map of the proposed road  
prepared by Engineer Locke.

Mr. Hamer says that he does not know  
of any new business coming before the  
council, which should mean that the op-  
position has nothing in mind to spring at  
the last meeting unless what may be un-  
der the surface with reference to the busi-  
ness here mentioned.

## CONGRESSMAN LAWRENCE

Is Conservative. Not in a Hurry  
Give His Views.

George P. Lawrence, who is at the  
Hamilton at Washington, with Mr. Wey-  
mouth, called on Mr. Moody Saturday  
night and others of his congressional as-  
sociates. Judge Lawrence intends to play  
a modest part for the present, and did not  
care to make a formal statement of his  
views on public questions. He will prob-  
ably occupy the conservative position of  
Mr. Gillett on foreign affairs, but will  
endeavor to protect the civil service  
from spoliation and to promote legisla-  
tion which will strengthen the treasury  
and the public credit. Mr. Lawrence  
was at the capitol on Saturday and had a  
pleasant conference with Speaker Reed.  
He did not ask for any specific committee  
places, but may be assigned to one of the  
election committees, where Moody and  
McCall made such reputations during  
their first terms. The new member se-  
cured a seat near that occupied by his  
predecessor. He found Mr. Wright's seat  
already spoken for by an older member,  
but was consulted by a superstitious mes-  
senger, who told him that it had been  
Mr. Milliken's seat earlier in the session  
and he had died. Then it had been  
Mr. Wright's and he had died. Judge  
Lawrence expects to escape the spell in  
the seat he has chosen.

## LITTLE GIRLS WERE THIEVES.

A Main Street Millinery Store Looted

Yesterday.

Mrs. Thurston, whose millinery store  
over Hastings' drug store was burned out  
two weeks ago, states that the few goods  
which were not spoiled, amounting in  
value to about \$25, have been stolen. She  
thinks it is the work of children, who  
could pass into and out of the room  
through a door from which the glass was  
broken at the time of the fire.

Today the police began a search for  
the stolen goods and found that a number of  
young girls were guilty.

Hats, ribbons, feathers, etc., were col-  
lected in by the police till one room in  
the police station this afternoon looked  
like a millinery shop.

It is not certain whether any arrest  
will be made or not, the girls being very  
young.

## Officers Elected.

At the annual meeting of Div. 10, A. O.

H., held Sunday in their rooms on Eagle

street these officers were elected: Presi-  
dent, D. J. Finnegan; vice president, P.

H. McMahon; recording secretary, Daniel

McAvey; treasurer, A. J. Doherty; exec-  
utive committee, W. H. Barrett, James

Lunny, James A. Regan, F. H. Smith,

and John J. Kennedy. The organization

is in flourishing condition having

about 200 members and a substantial

treasury.

## Held for Burglary.

The police are clearing up the burglary

mysteries. Peter Hutchinson and Tim-

othy Donovan, two old offenders

were arrested today on the charge of

breaking and entering Peniman's store.

They were before a special session of

court this afternoon and were held in \$300

bonds each.

## ONE FALSE HOWL

The Statement the Citizens  
Should Have of Public  
Affairs is Coming.

## A CASE OF MISREPRESENTATION

It May Have Been Ignorance That  
Made Some Hamer Enthusiasts  
Oversight the Mark and Say  
the Charter was Being  
Violated.

Some days ago when the Hamer blood  
was at its hottest there was almost every  
kind of accusations made against the  
present administration and it looked from  
the Hamer side of the fence that the adminis-  
tration had brok all the sections of the  
charter and everyone of the ten command-  
ments. The friends of the adminis-  
tration knew that the genius of the Hamer  
men to find fault was overdoing itself and  
that it would place those whom it passed  
in a position hard to say whether it is one of ignorance or wilful lying.

An illustration of this is found in the  
great outburst that was made the other  
evening about the "Violation" of the charter  
in not having the annual report  
made by the Hamer men. The charter  
instructs the charter to be submitted to the  
legislature to amend the charter so that  
it would place those whom it passes  
in a position hard to say whether it is one of  
ignorance or wilful lying.

Today began the regular session of the  
Fifty-fifth Congress. When adjourned  
will be none of the statements as  
it is prepared to even guess as a possi-  
bility. President McKinley was at the  
White House, having left the bedside of  
his dying mother Saturday according to  
program and reached Washington Sun-  
day morning. The special session of last  
spring changed the aspect of affairs. In-  
stead of thrilling excitement, the city  
last night was tranquil, owing to the absence  
of the scramble for place attending  
the advent of a new congress.

The program at the house was very  
simple and, beyond the spectacular show  
which it offered to the curious, among whom  
the newly wed were numerous, had in itself little attraction. After the  
call to order by Speaker Reed, the chap-  
lain delivered his invocation. Then the  
clerk called the roll. This having been  
accomplished and the presence of a quorum demonstrated, the clerk was  
directed to notify the senate that the  
house was ready for business, and a committee  
was appointed to wait on the president.

## THE PROPOSED RAID ON THE CITY HALL.

Now that the candidates for mayor are in the field it is time that the real issues of the campaign should be discussed and made plain. The persons who have engrossed the Hamer movement have succeeded to a certain degree in concealing their real purpose. These persons are well known. At their head is John Parker, who put up the job to do Congressman Lawrence out of the congressional nomination and who was paid for it. It mattered nothing to him that North Adams would have been cheated out of a congressman. He knew that if Lawrence was nominated there would be nothing "in it" for him or his associates. Then there is Ira Dixie, a member of the "Ira force," who resigned while charges were pending against him, Elmer Hayes, again, whom there stands a criminal indictment for libel, to which he pleaded guilty and which can be called up by the district attorney at any time for sentence; John Bresnahan, ex-chief of the fire department, and William Aspin, formerly president of the A. F. A. These are the forces behind the movement.

In order to conceal their real purpose a campaign of personal abuse against Mayor Houghton was commenced. Advantage was taken of the fact that he is rich and prosperous, to array the idle and discontented against him. This was the smoke under which their plan was to be carried out. The fact that Mayor Houghton was philanthropic as well as prosperous did not dissuade them. The fact that he was instrumental in getting the normal school located here did not weigh with them any more than the fact that he had given a \$10,000 library building and \$10,000 more to fit it up. The fact that he had given his salary as mayor to the North Adams hospital in their eyes was rather to his discredit. Some years ago he gave 12 feet of land to widen Marshall street, and when a few weeks ago he proposed to give a piece of land at the foot of Main street to widen the street and improve the approach to the bridge Mr. Hamer at once arose in the council and insinuated that Mr. Houghton had been stealing land from the public streets. It mattered not that the north line of the Arnold Print Works' land was the original line of the street, and shown to be such on every plan and photograph published for the last 100 years. Mr. Houghton must be insulted and so Mr. Hamer immediately insisted that the solicitor and city engineer be instructed to ascertain whether or not Marshall street or Main street had been encroached upon. This is what Elmer Hayes, that self-appointed apostle of labor alludes to when he speaks of Mr. Hamer's having "ought for the laboring man." When Mayor Houghton offered to give one-half of the expense of macadamizing Union street Mr. Hamer must immediately have another committee appointed to find out by what authority Mr. Houghton had made a gift of \$2,500 to the city. All these things were a part of the plan. This is the smoke under cover of which the raid on the city hall was to be carried on. Imagine Ira Dixie as chief of police; how quick Captains Parrow and Dineen would be invited to leave! If D. J. Barber should be commissioned of public works what use would he have for Peter Keefe? What these persons want is the offices. This is the real purpose to which they are bending all their energies.

When the smoke has been cleared away the people will consider the two candidates and the forces behind each candidate. Mr. Cady is well known for what he has been and for what he is. He has no camp followers to reward or political foes to punish. He has promised to give the city his own best efforts and he will do as he has agreed.

## THE BUSINESS SITUATION.

The report of business from all parts of the country agree that retail trade is good and that the general outlook for manufacturing is bright. Don's financial review of the week shows that the boot and shoe manufacture has shipped from Boston 100,429 cases, or over 35 per cent, more than in 1892 during the month of November, and has this year unusual encouragement, because orders are practically all to meet the winter's needs, and manufacturers have yet the whole of next season's orders to come. While some jobbers are paying higher prices asked, the waiting policy is still general, but the distribution has so far outrun purchases that dealers have to buy as best they can for winter needs. Leather is bought only for necessities, and hides are practically unchanged at Chicago.

The voluntary advance of 20 per cent in wages of worsted workers in Providence, restoring the rates of 1883, is evidence of the prosperity of that manufacture.

After much hesitation in other branch-

es, which may be justified, this most important department of the woolen industry puts itself at the front, virtually declaring its ability to face any foreign competition. No gain appears in the cotton manufacture, and the low price of cotton still hinders the buying of goods. Lower prices than have ever been known are quoted for print cloths, and also for some grades of prints, and the average of cotton goods is remarkably low.

The wheat market has deceived everybody, dropping in the face of an enormous foreign demand just when some advance might reasonably have been anticipated. The western receipts, 6,892,125 bushels, against 2,814,621 last year for the week, and for five weeks 33,962,529 bushels against 20,871,455 last year for the same weeks, are just now more impressive in the market than the Atlantic exports which have been 4,187,672 bushels, four included, for the week against 2,079,457 last year, and for five weeks 17,617,471 bushels against 9,715,183 for the same weeks last year.

Failures for the week have been 366 in the United States against 379 last year, and 28 in Canada against 55 last year.

## A WEAK CRY.

"Support the straight Republican ticket and Mr. Hamer," is being cried by some of the Hamer supporters. This is the weakest, lamest excuse that could be made for supporting Mr. Hamer. Is a "straight Republican ticket" one that bears the name of one of the most rabid Bryan men in the city as a candidate for assessor? If the convention that nominated Mr. Hamer was so "straight Republican" why did it put up a Bryan man as one of its candidates? If it was "straight" in any way, why does it not meet the proven charges of caucus frauds, and dare to defend the affidavit of one of its Democratic members, which THE TRANSCRIPT has branded as a lie? If this convention was so "straight Republican" why did it nominate a man who was ready to bolt the Republican convention if he did not secure the nomination?

This cry of "straight Republican and Hamer" is about as near Justinian as anything can be. There is never anything "straight Republican" that is linked with fraud and Bryanism.

It is now Congressman Lawrence.

Who is after a larger mayor's salary?

Just think it over—Mr. Cady or Mr. Hamer? How do the two men compare?

Isn't Mayor Houghton or any mayor like him who wants the mayor's salary doubled? Who is it?

The funniest thing about the North Adams mayoralty situation is that the self-called reformers are the ones who usually need reforming—Adams Freeman.

The trial of Boinay, the accused murderer of farmer Nichols, begins at Bridgeport, Conn., tomorrow. A short trial with certain conviction is expected.

The Democrats of North Adams have nominated H. T. Cady, Republican, for mayor. Mr. Cady will have half of the Republican vote, but he will not get all of the Democrats. It looks from this distance as if Mr. Cady would be elected.

The day of North Adams city election is too near Christmas. If the city charter designated the first Tuesday in December rather than the third it would be better. What is the good of North Adams continuing its municipal sideshow a fortnight longer than other cities?

At the council meeting tonight Mr. Hamer will have his last chance before election to pose as a "kickler." He has got to play the part alone—a star performance—for Ira and Daniel and John and Elmer can't take part in the council meeting. He must be careful and not overdo the matter, for those who attend will be watching to see whether he makes out of it or merely working to advertise Mr. Hamer.

## Y. M. C. A. NOTES.

Ladies' night which was held Saturday evening was a thorough success in every way. The attendance was large, the program was interesting and all enjoyed themselves. Miss Parker of the normal school received nearly encores to her readings.

A meeting of the boys will be held this evening at 7 o'clock to form a Bible class. The studies will be illustrated. E. T. Cook, assistant secretary, will have charge.

## The Plank Slipped.

Felix Regore, while assisting in unloading pipes for the North Adams electric light company, near the Arnold Print works Saturday morning sustained several injuries to his left foot. The pipes were being slid down a plank. In some way the plank slipped and fell on Mr. Regore's foot and it is feared that some bones were broken.

## Entertainment and Dance.

The fourth annual entertainment and dance, under the auspices of the Daughters of Israel association, will be held in St. Jean Baptiste Hall on East Street, December 28. The entertainment will consist of vocal and instrument selections. Admission will be 25 and 50 cents.

## Matinee and Evening.

The great scenic production, "The Wolves of New York," will be the attraction at Columbia opera house Saturday afternoon and evening. The company numbers 21 people and is a very strong one.

Charles H. Bennett of Johnsonville, N.Y., is spending a few days in town with relatives.

### G. A. R. Officer Elected.

At the regular meeting of George E. Styles post, G. A. R., held in their hall Saturday evening the following officers were elected for the ensuing year: Commander, F. E. Mcle; senior vice, Wesley T. Simmons; junior vice, A. C. Wells; officer of the day, Peter Powers; officer of the guard, Marshal Robare; quartermaster, J. W. Conroy; chaplain, E. W. Streeter; surgeon, Horace Avery; trustee, P. E. Moore; John O'Brien and E. E. Phelps. "Delegates chosen to attend the state convention are E. W. Streeter and Darwin R. Field, with J. D. Lawrence and John O'Brien. The post has changed its meeting nights from Saturday to Monday evenings. The Sons of Veterans have also changed from Monday to Saturday evenings. The next meeting of the post will be a week from tonight.

Not the Local Man.

Sunday Springfield Republican contained an article on the first page, of an electric car collision at Detroit, Mich. Three persons were killed. One of the man's names was John Savage, who it was said was superintendent of a suburban road and was running one of the cars when they collided. Local people wondered if it was John Savage or Renfrew. The Transcript reporter inquired and learned that Mr. Savage was a motorman on an electric railroad in San Francisco and therefore was not the man spoken of in the Republic.

They Were Prize Winners.

Edward Andrews of Orchard street who is considerable of a poultry fancier, made a purchase at the Hovey Valley Poultry Pot Stock association's show held in North Adams last week. He bought a pen of barred Plymouth Rocks that are valued \$150. The pen was a prize winner and the stock is one of the best bred. The rooster won a silver cup as first prize in a poultry show recently held in the eastern part of the state.

Jabez Follett.

Jabez Follett, aged 76 years, died at Central Falls, R. I., Saturday night after a few weeks illness. He was born in Lincoln, R. I., and was a much respected and honored citizen. Last winter he visited his nephews, the Follett Bros., at Rensselaer and met many local people who will regret to learn of his death. The funeral services will be held from his late home Wednesday afternoon at 1 o'clock. His local relatives will attend.

At Work Again.

Valentine Radgeon, who attempted suicide by taking paris green, was removed from the police station to Ernest Howland's firm at Bowen's Corners where he was confined and is again able to eat and work. The work of Dr. Crowley on the case is deserving of credit. His attentiveness from the time he first administered to the unfortunate man is what saved the patient life.

For Washing Purposes.

I. A. Weston and man were busy at work at the (fire) lock shirt shop Saturday and Sunday evening in a new apparatus for washing purposes. The work necessitated the putting in of a new boiler and considerable piping. For some weeks past the shop has been pushed to fill large orders.

### To be given to our customers!

It has been our policy to keep clear of all catch-penny, fly-by-night schemes, preferring to do business along the old lines of honest goods at honest prices. When we wish to attract more trade by giving you unusual value, we do not misrepresent matters by offering you "something for nothing." WE MAKE THE REDUCTION IN CASH, by taking it from the price. We propose to do even more.

WITH EVERY EVEN DOLLAR'S WORTH OF GOOD BOUGHT AT THIS STORE WE WILL HAND YOU TEN CENTS IN CASH. There is no deception about it. We do not have to raise prices in order to divide profits with a gift enterprise. Prices remain unchanged and are invariably marked in plain figures.

### Christmas buyers,

Will appreciate this plan. It is honest and the goods are honest. And the variety surpasses any we have ever shown in former years. Just glance over this list of Holiday Articles at prices from 25¢ to \$5—

Silver-backed Brushes and Combs, Silver-mounted Tooth Brushes and Brush Brooms.

Nail Files, Glove and Button Hooks, Manicure Sets, Desk Sets, Bookmarks, Paper Cutters,

And a hundred other novelties to make eyes glisten on Christmas morning. All Sterling Silver warranted 925-1000ths fine. The famous Rogers' table silver—knives, fork, spoons, napkin rings, etc. And remember—

A Ten Cent Piece with Every Even Dollar's Worth of Goods.

### MANY PRIZES

The Best Poultry Show Ever  
Given in the City  
Closes.

A LIST OF THE PRIZE TAKERS  
While the Show Was Not a Fi-  
nancial Success Yet It Was  
a Decided Success  
as a Poultry  
Exhibit.

The North Adams Poultry and Pet Stock association's show which ended in Odd Fellows' hall Saturday night was a very successful one from the standpoint of an exhibition while it was not successful from a financial point of view. This fact will not discourage the association nor will it prevent the association settling its obligations. It was expected, The show has resulted in net loss of \$125. There are 25 members in the association and the deficit will be apportioned among them thus making it easily assumed. The association will have another annual show for which preparations will be begun almost immediately.

The show that has just ended had 1,100 exhibits and 50 were turned away for lack of room. Only three birds were lost during the show, which is a good record. A lively little brood of chickens that was hatched at the show is to be seen at the Wilson house drug store.

The complete list of prizes follows: The names run in order of the prizes, the winner of first prize being mentioned first, the winner of the second next and so on, which arrangement makes unnecessary the repetition of the words first, second, etc. Where no name or town is given as the exhibitor's residence it is to be understood that North Adams is the place of residence of exhibitor.

The complete list of prizes follows:

The names run in order of the prizes, the winner of first prize being mentioned first, the winner of the second next and so on, which arrangement makes unnecessary the repetition of the words first, second, etc. Where no name or town is given as the exhibitor's residence it is to be understood that North Adams is the place of residence of exhibitor.

The show that has just ended had 1,100 exhibits and 50 were turned away for lack of room. Only three birds were lost during the show, which is a good record. A lively little brood of chickens that was hatched at the show is to be seen at the Wilson house drug store.

#### NEW STAMP SCHEME.

The Plan That is Being Put in Practice in Detroit.

So great has interest in the trading stamp system of advertising become among merchants and buyers that there are now a dozen different ideas in the scheme being carried out in various parts of the country.

In view of the great interest that is being taken in Detroit in the trading stamp scheme as a means of advertising, a new trading stamp company has been organized here, backed by the Industrial building and loan association.

The plan of the new company organized by the Industrial building and loan association is this: Ten cent coupons, in strips like street-car-tickets, will be issued to the merchants and given by them to customers who actually pay cash over the counter, or cash on delivery. For those used the merchants will pay the buyer's cash savings system five per cent. This applies simply to the cash-over-the-counter-business. Experience has shown that it actually costs the merchant but 2½ per cent. on his gross cash business, for the reason that tickets or coupons are only given on purchases of ten cents and even tens. Besides, it promotes cash trading, which all the merchants ac knowledge is desirable.

The system through its financial agent pays to the buyer, when he has accumulated \$125 in coupons, \$1 in cash over four per cent. retaining one per cent. only for the expense of conducting the business, advertising, etc. It is thought that the large amount of business will make the enterprise pay. The Industrial building and loan association, with \$125,000 assets and no debts, will make all collections and pay all redemptions.

#### PEOPLE WE KNOW.

They are North Adams People and What They Say is of Local Interest.

When an incident like the following occurs right here at home it is bound to carry weight with our readers. When so many strange occurrences go the round of the press: are published as facts; when the intelligent reader knows they cannot be true, there is no wonder that people become skeptical. On one subject skepticism is gradually disappearing. This is due to the actual personal experience of our citizens and their public utterances regarding them. The doubter must doubt no more in the face of such as this. The public statement of a reputable citizen living right here at home, one whom you can see every day, leaves no ground for the skeptic to stand on.

Mrs. Alice Stiles of 8 Veazie street, says—"I had such a dreadful pain in my back and over my kidneys and I was stiff and sore that I moved about with great difficulty. There were other complications which gave me much annoyance and broke my rest at night. I had dizziness in my head and headaches when my back was particularly bad. In fact I have some traces of the dizziness yet. It seems to be the hardest thing to get rid of. Well, the lameness got so bad and I was in such distress I was compelled to do something. Doan's Kidney Pills announced interested me and I sent to Burlington & Darby drug store. Almost from the first they made me feel better. The headache and urinary trouble left me. I can sleep well at night and attend to my household duties without suffering."
